BOOK SYNOPSIS

Get the most thorough content review available for the revised MCAT. Next Steps Content Review books give you a focused review of the major science topics that will be on the exam, and then offer the most important resource you need when memorizing MCAT content: hundreds of practice questions to help you drill the content until you have it completely mastered. Understanding the huge volume of content on the MCAT is only the first step, however. For complete MCAT prep, the Next Step Content Review books are only the beginning. To bring your MCAT performance to the next level, you must build upon your content foundation with practice, practice, practice! Check out Next Steps Strategy and Practice books for the full, timed section practice that you'll need. Those who purchase a Next Step book also get free access to our online MCAT diagnostic test. See the URL at the front of the book for instructions on how to register. Finally, you can always check for free updates and free upgrades to our books here:

<http://nextstestprep.com/mcat-materials-change-log/> Important Note: Due to a printing error with one of our books, we temporarily removed our books from Amazon so we could do a thorough review of all materials purchased before February 2015. If you purchased a new copy of this (or any other Next Step book) from Amazon, and they shipped you an edition with a revision date earlier than February 2015, you can receive free updates and upgrades. More information here: <http://nextstestprep.com/mcat-materials-change-log/>
